Why Run For Regional Board?

I am running for regional board because I feel that the only way to truly appreciate the region that has given so much to me is to give back. I want to be as involved with the region as I can. I have made lasting friendships and have become closer than ever to my friends made before NFTY.

What is your favorite element of NFTY and why?

My favorite Element of NFTY is the community. Our NFTY community is the only community that I know where you can be anyone you want to be without judgement. It has allowed us to get closer and bond on a level that is only achieved with a group like this.

What new ideas or solutions do you have for our region in response to talking with a NFTY CWR member?

I think that working with the MVP to increase younger attendance and to have more interaction between older and younger NFTYites would be a great way to benefit the region. I hope that we make sure to involve young members in important processes so they feel more included in the future.

How do you plan to effectively connect our region to our TYGs and our TYGs to each other? In what ways do you see improved communication strengthening our region?

I plan to increase the amount of communication between the TYG's and the greater region by holding more calls, publishing the minutes of each meeting, etc. I think that a more frequent publication of NFTY updates should also take place in order to better involve parents and NFTYites in everyday efforts of CWR.

In what ways do you plan to utilize and involve your CVP network, and how will this benefit the region and its TYGs?

In order to increase participation in events, I would teach my CVP network not only how to market to their TYG, but how to market to the congregation in order to spark involvement in TYG attendance and ultimately increase the attendance of the region itself.
